

DVD/VCD/CD SURROUND SYSTEM DVD RECEIVER 2.0 TECHNICAL UPDATE

Assigning the Component Video Input and Optical Digital Input

If you would like to use the component video or optical digital inputs, you will need to assign them to the CBL/SAT, VCR/PVR, or VIDEO sources. When selected, these connections override the standard audio/video connections.

Assign the Component Input

Important note for assigning the Component Input: Select the DVD input on the Remote Control and press the AUDIO SETUP button. The display will show the current setting. Toggle through the list using the right or left cursor buttons: VIN-OFF, VIN-VIDEO, VIN-VCR, or VIN-CABLE.

Assign the Digital Input

Important note for assigning the Digital Input: Select the DVD input on the Remote Control and press the AUDIO SETUP button TWICE. The display will show the current setting. Toggle through the list using the right or left cursor buttons: DIN-OFF, DIN-VIDEO, DIN-VCR, or DIN-CABLE.
